## *Meeting your needs through our seamless international legal service*

Eversheds is one of the world's leading law firms. With offices throughout Europe, Middle East, Africa, Asia and beyond, we can supply you with seamless legal coverage anywhere on the planet.

Our ability to deliver a high standard of integrated service across all jurisdictions has been tested and proven to work. We deal constantly with large-scale projects involving multiple jurisdictions as well as countless day-to-day activities that help our clients manage their operations across the world.

### Expertise in Germany

Our local expertise, combined with our international reach, has proved invaluable in helping our clients to achieve their goals. Whether you are an ambitious German company targeting international expansion or a potential investor exploring opportunities in Germany, we have the strength and resources to help make it happen.

Heisse Kursawe Eversheds is a leading player within the German legal market, one of the biggest law firms in Munich and among the 50 largest law firms in Germany. 24 Partners and 65 Associates advise clients in all practice areas including 45 Fortune 500 companies and more than 80 German listed companies. Our rankings speak for themselves: we are the leading firm in Chambers Europe and were named "Corporate Law firm of the year 2010" by legal directory JUVE. We are also ranked amongst the German Top 100 legal employers selected by JUVE Magazine in 2010.

### An original approach

Eversheds is not just about size. We are a progressive firm that does things differently and has created a global service with your needs in mind. For example:

- We are committed to the management of law as a business process. All of your work will be scoped, planned and budgeted upfront and then carefully project-managed to conclusion.

- We understand you do not have unlimited legal budgets and often have short timescales. We deliver innovative fee solutions and have proven success in achieving cost savings and performance improvements with multinational clients.
- We can offer a single point of contact for advice on all of your legal issues, regardless of size, nature or jurisdiction.
- We understand the languages, cultures, legislation and ways of doing business you need to succeed.
- Our dedicated business groups (Africa, Asia, Russia/CIS, India, Latin America, Middle East and North America) are made up of specialist lawyers who can guide you through transactions in these often complex marketplaces.
- Our diverse international workforce means you benefit from the range of skills, knowledge and expertise that comes from a firm which embraces talent, whatever the origin.

### Independent comment

*"In last year's German legal market the Heisse Kursawe Eversheds story was one of expansion. Most notably, clients appreciate the breadth of advice and partners are perceived as particularly service orientated."*
